To : Institution Principals

Subject: **INCARCERATED VETERANS VIDEO**

Attached is a video developed by the United States Department of Veterans Affairs (VA) to assist the inmate population in becoming aware of their outreach and reentry efforts for incarcerated veterans. A brief description of the video is attached for reference. The video has been endorsed by the Association of State Correctional Administrators for use in correctional facilities throughout the United States.

The VA provided three copies of the video for each institution. Upon receipt, please work with your Television Specialist to begin showing it on the inmate educational channel at your institution by March 15, 2013, on a regular basis.

VA's outreach efforts in prisons and jails nationwide have had a positive impact on thousands of incarcerated veterans in the last several years. Our partnership with this organization will ensure this offender population is given every opportunity to successfully reintegrate into society upon their release and become productive members in their communities.
